

# RDP•380P

## ENGINEERED TO PERFECTION

▲ The **RDP•380P** variable size perfecting web press has been designed specifically for commercial printers who want to better serve the needs of their existing customers, pursue new business, and save on material costs. ▲ Engineered to optimize perfecting technology, *exact repeat, variable size, blanket-to-blanket* web presses from RDP Marathon allow you to produce exact cut-off sizes, with easy-to-remove variable size inserts in 21½" to 39" circumferences, can be equipped with a variable size signature folder providing 8 page to 96 page counts, with multiple fold combinations available for both single and multi-web applications to provide greater flexibility and product offering. ▲ With fast set up and changeover, the 38½" wide **RDP•380P** operates at speeds up to 1,800 fpm, and features the Maraflo V™ 4-form roll design ensuring superior ink laydown at all production speeds, and is equipped with operator-selectable, direct or integrated dampener configurations. Drive train precision ensures exact register and reliable performance at high speeds – a capability vital to commercial markets. ▲ The **RDP Smart•Set 2000™** press control system provides control of all press functions on easy-to-read, easy-to-use touch screen graphic displays accessible from both the main console and individual print units. Developed to integrate seamlessly with management software, including CIP3 digital workflow, the control system provides job storage and retrieval, modem interface for remote systems diagnostics. ▲ Superior quality, fast make-ready and changeover, exceptional speed, and robust construction truly make the **RDP•380P**... a press that is engineered to perfection. ▲

### RDP•380P

General Specifications*	Inches	mm
Maximum web width	38.5	978
Maximum print width	38	965
Side adjustment	.25" / 6 mm	
Phasing adjustment	360°	
Litho repeat range	21½" to 39" / 546 to 991 mm	
Maximum speed	1800 fpm / 550 mpm	

\* Specifications are subject to change without notice.

## ENGINEERED FOR THE LONG RUN

■ RDP Marathon specializes in technical and custom engineering solutions utilizing combination print processes including litho, flexo, gravure, waterless and screen printing for quality web printers. ■ RDP Marathon is committed to meeting its customers' needs in both traditional and innovative product areas. In response to customers' present and future competitive challenges, RDP Marathon offers a wide range of capabilities supported by the creative thinking that enhances customer productivity. The RDP family of presses provide printers with the ability to serve existing markets while exploring rapidly emerging value-added segments. ■ The standard of excellence established by RDP engineering is maintained in the manufacturing of all of its presses, so that the high quality printer is assured of reliability, durability, and precision. *RDP Marathon* will settle for no less than complete customer satisfaction with every product and service provided – from customization, through installation, to after-sale support. ■
